Extra readers $29.95 ea.
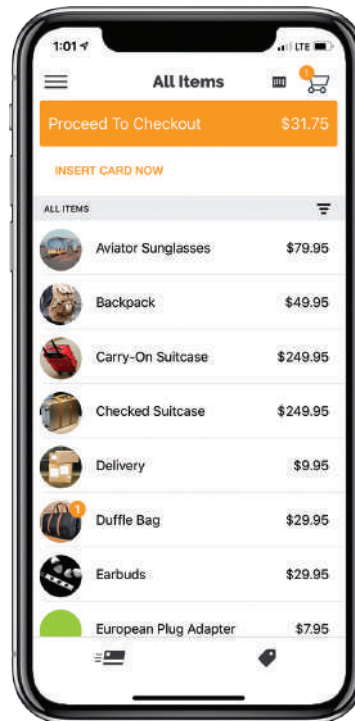

▸ EMV chip cards
▸ Magstripe cards

3-in-1
$49.95 ea.

▸ EMV chip cards
▸ Magstripe cards
▸ NFC contactless payments

Terminal theme.
This basic theme allows merchants to simplify their payments by entering a transaction amount, accepting a payment, and sending a receipt through text or email.

Retail theme.
This more feature-rich theme lets merchants create item libraries, track their sales, and save open tabs.

✅ Leverage inventory libraries, open tickets and tabs, time clock and employee scheduling, offline transactions, customized batch settings, and more.

✅ Merchants will get access to the Payments Hub merchant portal for detailed reporting, customer and employee tools, invoicing with recurring billing, dispute management, and online payments powered by a virtual terminal.
